Official Records		OR Affidavits of Births mixed with other county records. These records may be available with deeds on FamilySearch

Indexed by		Norma Sheehan, Barry Goyette, Cath Trindle, Loren Perrit, Chris Greene, Patrick

NOTES: Births after 1906 are based on state index, checked against actual records and county index. Where multiple spellings of surname were in state index they were kept. New spellings were added when indexers felt the name spelling had been misinterpreted.

At some level, state or county one original indexer indexed many names that could be construed as nicknames with the name they might be as well, thus Lisa becomes Elizabeth, Wendy becomes Gwendolyn, etc. These were also left in the index as we had no way of knowing if in fact names had been changed at the state level and not reflected in county records. Be aware that because it is in the index does not make it a fact.

All volumes are house in the San Mateo County Recorders record repository at Tower Road  
All copies should be ordered through the SMC Recorders Office

*While SMCGS explores ways to put this database into a search engine it births less than 100 year ago have been eliminated.  
When that happens births through 1964 will be available.*

Later births are available on [sfgenealogy](#) Ancestry, FamilySearch, Vital Search and other websites.
