

INDEX TO STUDENT MONOGRAPHS

AT THE SAN MATEO HISTORICAL ASSOCIATION ARCHIVES

COMPILED BY **CRAIG SIULINSKI** 2019

The first President of the San Mateo County Historical Association, Dr. Frank Stanger, was also a history professor at San Mateo County Junior College. As part of his class assignments he required his students to write monographs of events, places and families from San Mateo County. A large collection is located in the SMCHA Archives, where it is easily accessible for use.

However, it wasn't always easy to know what was there, so our newest database. This original list was compiled by Craig Siulinski from the card catalog in the History Museum Archives and edited by Archival Collections Specialist Debra Peterson.

San Mateo County Historical Association's student monograph collection includes winners of the Charles N. Kirkbride competition at San Mateo Junior College (now College of San Mateo). The award was given to the best three term papers written each year on local history. Ranging from the 1930s to the late 1980s, they contain one-of-a-kind photographs and interviews with local historical figures.
